**U.S. Environmental Protection Agency
Scientific Integrity Program**

Inquiry Report for Allegation 20.12

An allegation of a potential loss of scientific integrity was received by the Scientific Integrity Official (SIO) on February 13, 2020 from an employee in R10. The SIO and the Deputy Scientific Integrity Official for R10 requested additional information from the submitter. No additional information was submitted. On July 2, 2020 the SI program sent a final request for information to the submitter. No response was received. This allegation was closed on July 21, 2020 due to insufficient information.
